Wellness

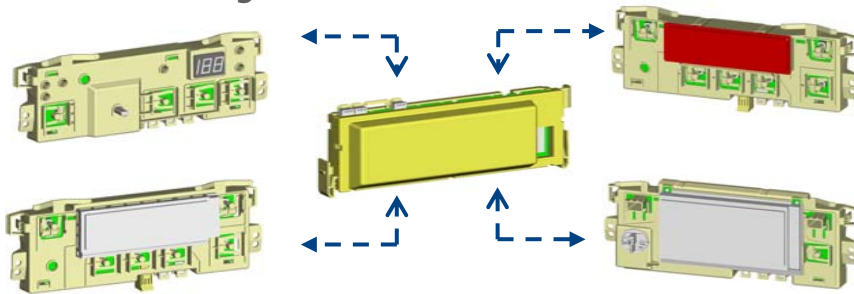

- A. Company Overview
- B. Market & Solutions
- C. Key Strategy**

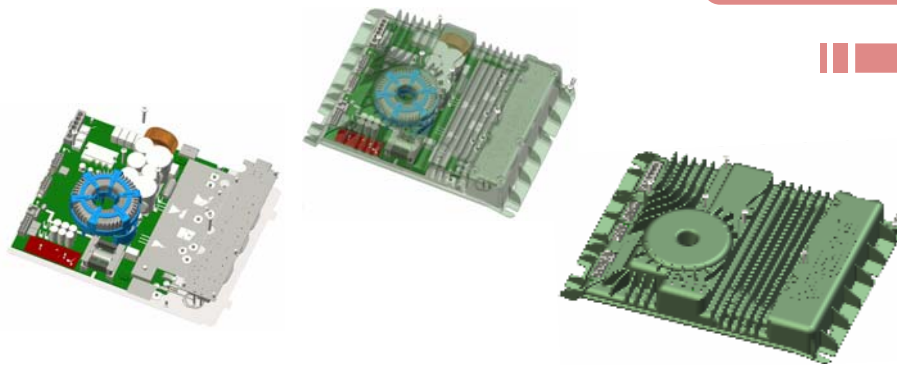

A team of over 100 engineers empowering product and process solutions

Modularity

Integration

Product Solutions

Automation

Automated assembly workstations development

Design to process

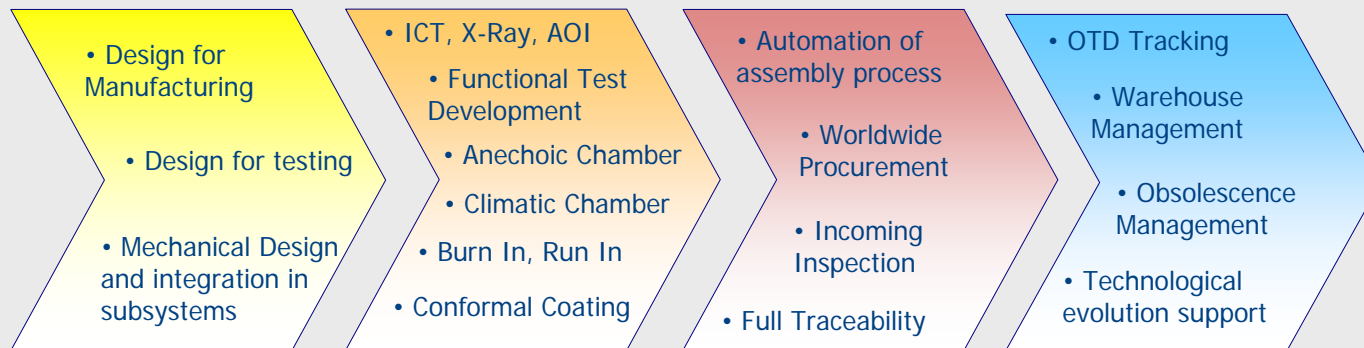

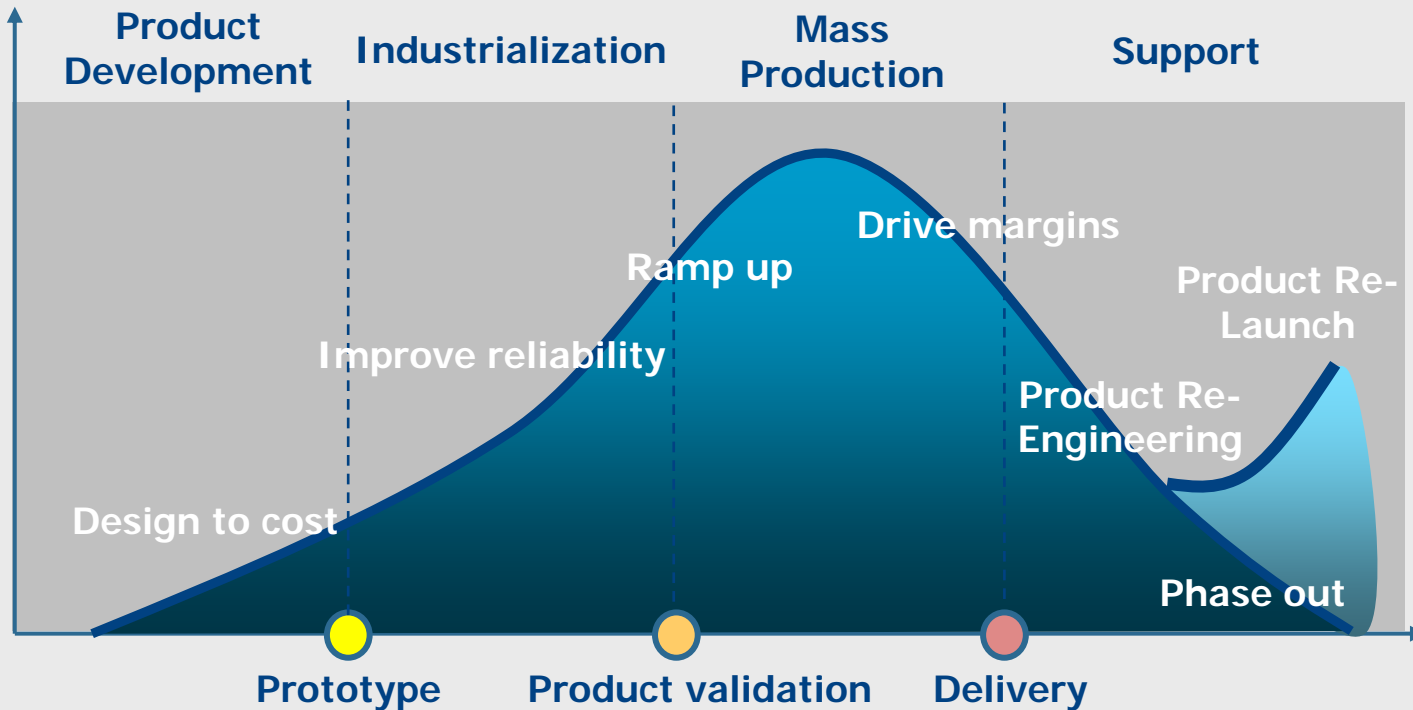

Test

In-line automated full testing development

Process Solutions

Right solutions along the whole lifecycle

- **1** Group
- **7** Plant
- **50.000** sqm manufacturing area
- Locations in **4** Continents
- **1.500** Employees
- Over **100** Engineers for product and process development
- **€ 224.000.000** Turnover
- Company N° **1** in Italy for turnover and electronics purchase volume
